ABN Group applauds South West apprentice's success

Quotes attributable to Loris Moriconi, Trade Relations Manager, ABN Group

"ABN Group is incredibly proud of Russell Peake and what he has accomplished during his apprenticeship with ABN Training.

Russell exemplifies the best qualities of a tradesperson with his attention to detail and great care for safety. We look forward to seeing how he continues to grow and succeed.

Over the last three years we have not only invested in our capacity for delivery of our homes but also in the future of the industry, expanding our apprenticeship program from 55 apprentices to the 125 we employ and train today.

We are proud that we currently employ more apprentices than any other building company in Australia and have trained more than 1600 apprentices since 2004.

ABN Group is heavily invested in the future of the Australia building industry and we see skilled young tradespeople like Russell as a key part of that future.
